

CONNECTIVITY

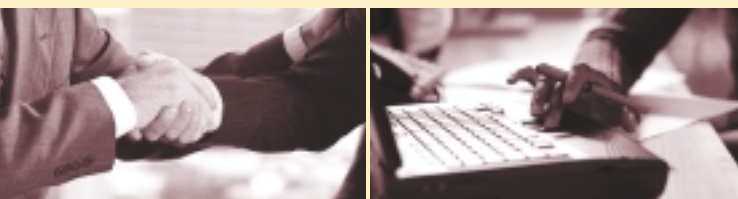

ONCE YOU'VE FINALIZED THE TERMS, WE MAKE IT SIMPLE TO COMPLETE THE TRANSACTION.

A transaction isn't over just because the negotiations are complete. Messages and data must still be shared with business partners to ensure correct ordering, fulfillment and delivery.

ChemConnect Connectivity Solutions make it a streamlined process by enabling you to easily communicate all transaction details to your global business partners through a single connection. Best of all, we offer a choice of targeted solutions, so your connectivity platform will fit your needs precisely.

Our connectivity hub ensures accurate and prompt transaction completion, reducing errors and giving you better information with which to make replenishment decisions. You'll reduce logistics costs, eliminate the need for expensive private connections, and boost satisfaction of your customers and trading partners.

ChemConnect is a leader in helping customers optimize their purchasing and sales processes for feedstocks, chemicals, plastics, and related products through a unique combination of market information, industry expertise, e-commerce solutions, and an active network of trading partners. Companies in multiple industries around the world use our highly efficient tools and services to streamline transactions and lower costs.

Everything you need to effi

ChemConnect Connectivity Solutions provide a single electronic communications hub that automates the exchange of transaction data between you and your customers, suppliers, third-party service providers and other business partners — no matter what industry they are in or what message formats they use. You'll communicate quickly, securely and accurately through ChemConnect's central connectivity hub — eliminating the need to maintain multiple connections.

With connectivity choices tailored to your business and partner environment, ChemConnect allows you to streamline operations, reduce costs, and improve productivity through one connection to a secure, centralized hub.

- **Simplify.** Our flexible connectivity options are designed to make it easy and cost-effective for you to implement, maintain and expand your business partner network.
- **Reach all your partners.** Connect to whomever you need, in any industry around the world, in the way that best suits your business.
- **Reduce costs.** You'll improve the accuracy and efficiency of your order processes including order management, payment, logistics, Vendor Managed Inventory (VMI), and Collaborative Planning and Forecasting for Replenishment (CPFR).
